

Calculating the size of a spiral staircase © www.zhitov.ru

The total drawing a spiral staircase

The total drawing a spiral staircase

Initial data

Lift 2895.6 mm

Diameter of stair 2000 mm

Internal diameter 1524 mm

Number of steps 19

The rotation angle ladder 275°

The thickness of the steps 24 mm

Step height 152 mm

Angle step 14.5°

length of the stage 1000 mm

Additional sizes of steps

Step width 252 mm

width of the workpiece stage 254 mm
